# STANISLAUS NATIONAL FOREST CALIFORNIA

MT. DIABLO MERIDIAN AND BASE

1914

EVERY CITIZEN CAN HELP IN PREVENTING FOREST FIRES  
Your Cooperation is Urgently Needed. Follow these simple rules  
yourself and urge your neighbors to do so, and thus help  
decrease the number of disastrous mountain fires

## FOR PREVENTING FIRE IN THE MOUNTAINS.

1. *Matches.*—Be sure your match is out before you throw it away. Matches whose heads glow after the flame is out are dangerous.
2. *Tobacco.*—Throw pipe ashes, and cigar or cigarette stumps in the dust of the road and stamp or pinch out the fire before leaving them. Don't throw them into brush, leaves, or needles.
3. *Making Camp.*—Build a small camp fire. Build it in the open, not against a tree or log. Scrape away the trash from all around it.
4. *Leaving Camp.*—Never leave a camp fire, even for a short time, without quenching it with water or earth.
5. *Bonfires.*—Never build bonfires in windy weather or where there is the slightest danger of their escaping from control. Don't make them larger than you need.
6. *Fighting Fires.*—If you find a fire, try to put it out. If you can't put it out, get word of it to the nearest U. S. Forest Ranger or State Fire Warden at once. Keep in touch with the rangers.
